

THE **TOGETHER** COMMUNITY

For people with autism,
their friends and families

A project by Together Foundation and
Vedaanta Senior Living in Bengaluru

VEDAANTA
SENIOR LIVING

The parent oath

To be part of The Together Community, we invite you to make a promise for our collective welfare.

“

My son/daughter with autism is an important part of my family.

I want my son/daughter to be happy, achieve independence, be safe, and I want to be part of that journey.

I am in a community where every adult with autism is my child, and my child has many parents.

I will play a role in nurturing this community for the collective well-being of all who dwell here and extend respect, care and courtesy to every member of this community.

”

The together story

Krishna, Lakshmi, Jayanthi and Jayashree.
Three sisters and a brother.

We have created together, a brand that invites everyone to dissolve boundaries between gifted children and not-gifted children, special children and not-so-special children, children who speak and children who communicate without speaking, children of one god and children of lesser gods.

“We don’t see things as they are, we see them as we are” said a famous author.

So come. Meet us. Join us. See us as we are.

Essential amenities for **our special adults**

Furnished studio apartments with space and provision for an individual caregiver

Skill development centre

24x7 medical support

Cafeteria with vegetarian meals, snacks and beverages

Community hall for gatherings and events

Temple for connecting with the community

Dedicated floors for male & female adults

Group caregivers on every floor

Sensory walking track, open gym, walking/ cycling track, swimming and other amenities

Housekeeping for studio apartments, villas and common areas

Team of parents, professionals and service providers to ensure lifelong support

A day in the life of our special adults

Every day in the community is well-balanced and created with the best interests and holistic development of our special adults in mind.

The daily routine includes:

Personal hygiene and grooming

The day begins with a personal grooming ritual of brushing, bathing and cleaning. Assistance will be provided as and when required.

Community care

Everyone works together to ensure the welfare of our special adults. There's housekeeping, laundry, gardening and a cafeteria where our adults will be guided to work and make a positive impact.

Ample family time

The proximity ensures adequate family time through the day, during meals etc.

Movement & exercise

A daily routine that includes plenty of time in nature, walking, cycling, swimming etc.

Nutritious meals

Our special adults get nutritious vegetarian meals at the cafeteria every day: morning tea, breakfast, lunch, evening tea and dinner.

Work, learn and interact at your own pace

Meaningful work and skill development

Data entry, manufacturing of edible products & eco-friendly products, job work, products for online sale and art and craft activities to enrich learning and promote growth.

Space for solitude

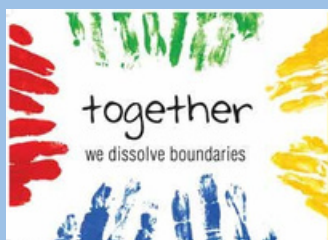

Our special adults get ample personal space to unwind, relax and enjoy their own company.

Community events & get-togethers

Festive celebrations, weekend gatherings & movies at the community hall, short trips to nearby tourist spots will make the living experience more meaningful.

Recreational activities

Special adults will be encouraged to connect with family members and others through video phone calls, games and stress-free interaction.

with special needs

Parents join hands

Fostering The Together Community requires the deep commitment of all the people who reside here. Together, we are in the process of creating a 'Kutumbakam': a big and happy family.

- Take up specific responsibilities in the community based on their area of interest and expertise
- Ensure harmonious working with all members and working staff in the community
- Help the community to teach our special adults to settle down in their studio apartments, which is their new home
- Complete all legalities to provide for the lifetime security of your ward

About Together Foundation

Together Foundation was founded in 2015. It is a registered public charitable trust that strives to create a better world for people with autism.

Together Foundation was co-founded by Chakrapani and Sangeetha; parents of two adults with autism. The trustees of the organisation include medical and allied professionals in the field of disabilities.

Together Foundation runs a sheltered workshop for adults with autism and other intellectual disabilities in Mumbai. The workshop offers training in data entry for financial institutions, paper plate manufacturing, paper bag manufacturing, hand embroidering, job work and shop management.

Together Foundation has now partnered with Vedaanta Senior Living to establish The Together Community: a community for people with autism, their friends and families in Bengaluru.
